

# LUCAS MATOS

## Sr. Software Engineer | Innovation Department

📞 1 (732) 666-8736 🎬 this.function.bind@gmail.com 🗺 Provo, UT

### EXPERIENCE

#### Sr. Software Engineer | StencilJS

**Liberty Mutual Insurance** ━ 06/2022 - Present 🗺 Provo, UT

- Contributed to technology initiatives within the Innovation department.
- Collaborated on developing an in-house design system to streamline and unify user interfaces across all Liberty Mutual platforms, enhancing consistency and user experience.
- Provided technical guidance and support to Liberty Mutual teams, ensuring successful adoption and utilization of the in-house design system.
- Actively participated in fixing bugs in the in-house design system, promptly identifying and resolving issues to ensure a smooth user experience.

#### Sr. Front-end Developer | React

**Avaya** ━ 06/2021 - 05/2022 🗺 Toronto, Canada

- Developed and maintained the in-house design system (NEO framework) based on React to enhance user experience and drive innovation.
- Engaged with Design, User Experience Research, and Development teams to ensure alignment with industry best practices.
- Implemented A11Y standards, ensuring applications adhered to the highest accessibility guidelines, promoting inclusivity and equal access to information and services.

#### Sr. Front-end Developer | React

**Leuchter IT Solutions**

━ 06/2020 - 06/2021 🗺 Lucerne, Switzerland

- Implemented responsive design standards for web applications, optimized for various devices and screen sizes, significantly enhancing user experience.
- Played a crucial role in fixing bugs, troubleshooting problems, and implementing timely solutions to maintain the integrity of web applications.

#### Sr. Front-end Developer | React

**Joinder App** ━ 01/2020 - 06/2020 🗺 San Francisco, CA

- Contributed to developing new features and functionalities, improving the capabilities and usability of the web application.
- Successfully integrated an Electron application into the web platform, streamlining document management and collaboration.

#### Sr. Front-end Developer | React

**Pura Scents** ━ 06/2018 - 06/2019 🗺 Orem, UT

- Enhanced the marketplace and e-commerce website by developing new features, improving user experience, and ensuring platform competitiveness.
- Integrated a payment system, streamlining the checkout process and enhancing payment security.

### SUMMARY

Throughout my life, I've earned the endearing nickname "my little inventor" from my grandmother, who recognized my innate curiosity and creativity. From my earliest days, I've been drawn to fixing and discovering things, often working with limited resources. This has instilled in me a passion for problem-solving, and I've become a self-taught individual who thrives on creative solutions. I bring this same spirit of curiosity, resourcefulness, and creativity to my professional endeavors.

### AWARDS

#### 2023 DevReady Elite Developer Award Winner

Recipient of the 2023 DevReady Elite Developer Award, recognizing my contributions as a standout technologist in the software industry.

#### Excellence recognition

Received an Excellence Award during my tenure at Google for the successful development and release of a groundbreaking experimental Google Tech Ad Advertising prototype, known as "HTML5 Local Connect," which enabled two advertisements to interact with each other.

### REFERENCES

#### Christopher Grant

Lucas was a valued member of our team, his knowledge of React and JavaScript helped advance our software in both design and functionality. I would recommend his employment to any company that was seeking a competent front end developer for their software.

## EXPERIENCE

### Ryen Leyva

Lucas is an awesome Developer! He knows his code well and is a very disciplined and trustworthy worker. If he didn't know what to do he figured it out! One of my favorite things about Lucas is he was very clear and honest about his abilities and also was very eager to learn more. He is a self-starter and was able to teach himself new methods of coding and even though we hired him for front-end, he ended up seeing issues on the backend and going and fixing those too even though he had to do some research to do it since he didn't know the backend languages to begin with.

Lucas is fun to be around, he is a good team player and a pleasure to have at our company. I'm confident he will be successful wherever he goes in life. I would hire a guy like Lucas over and over if I could find more of them.

### Matias Olivera

Lucas has a big advantage in developing. Curiosity. He never stops trying to learn constantly new things, keeping updated and ready to face new projects. He is always available to help and with the most positive attitude to his job and his partners.
